

### **Battle of Pilot Knob State Historic Park Paranormal Investigation**

How haunted is this historic site of one of the Civil War's last battles and what other stories are waiting to be discovered? On September 27, 1864, an 8,000 man Confederate force attacked the Union's Fort Davidson located in Pilot Knob, MO. If the attack on the fort had been successful, the next Confederate objective was to attack St. Louis. The brutal battle resulted in the killing or wounding of 1,000 Confederate troops, while the Union forces suffered less than 100 killed or wounded.
